Motions passed by Young Fine Gael on 11/06/2026 at the 2026 Garrett Fitzgerald Summer School in Dundalk

1. YFG calls on the Government to introduce a graduated Employer PRSI relief for start ups and small businesses operating in towns with populations under 2020, helping local enterprises, create jobs, revitalise town centres and strengthen regional economies.
2. YFG calls on Fine Gael to refund and fund the Collins institute of public policy and to work with the Martens institute to better formulate a vision for the future of Ireland and policies to bring us to that future.
3. YFG calls for the Irish government to reaffirm the integral nature of the merit-based approach that applies in EU enlargement processes. Ireland must ensure that there can be no fast tracking of potential EU member states and that the principles of the Copenhagen criteria around politics, economics and law are upheld over the push for enlargement solely due to geopolitical arguments.
4. YFG calls for a cross border citizens assembly on the vision for a Unified Ireland.
5. YFG calls on Fine Gael to support the forthcoming PMB to reversing Ireland's ban on nuclear energy as a first step to exploring the possibility of Nuclear energy as part of decarbonification and reducing our reliance on imported energy.

6. YFG calls for a review of the eligibility criteria for Agricultural Relief to ensure that the relief remains targeted at bona fide farmers and supports the transfer of family farms to the next generation, in line with its original purpose of promoting active agricultural use and generational renewal.

7. YFG calls on the Government to guarantee timely access to all apprenticeship training phases by establishing maximum waiting times for off-the-job training placements.

8. YFG calls on the Government to strengthen the Workplace Relations Commission's enforcement powers in cases of harassment and sexual misconduct.

9. YFG calls on the government to introduce a Regional Graduate Tax Credit for graduates who take up employment outside of Dublin, supporting balanced regional development and helping regional employers attract skilled workers.
